- X-Ray & Ultrasound
- Allied Health

www.camberwellhealth.com.au | Book via **HotDoc**

Appointments

Appointments can be made online via HotDoc, over the phone, or in person. If you have an urgent health condition, please advise reception upon arrival or at the time of booking.

STANDARD CONSULTATION

10 minutes with your GP.

EXTENDED APPOINTMENTS

Please request extra time when booking so we can accommodate your needs.

We welcome walk-in patients, though those with prebooked appointments are seen first. You may be asked to wait.

Our practice maintains strict hygiene and infection control standards to ensure patient safety at every visit. Patients are involved in decisions about their care, and consent is obtained before any treatment.

Fees

We are a **fully bulk billing clinic** for eligible Medicare consultations — no out-of-pocket cost when you present a valid Medicare card.

NO MEDICARE CARD

A fee of **\$50** applies, payable at the time of consultation.

Some services — including medical screenings for work or vehicle licences — cannot be billed to Medicare and incur a non-rebatable fee.

Book online at HotDoc or call **9882 0055**.

Health Services

75+ HEALTH ASSESSMENTS

Available in-clinic with our nurses. These assessments identify health concerns early and help maintain independence and wellbeing. Book through reception.

DIABETES, CHOLESTEROL & BLOOD PRESSURE

You don't have to be overweight to be at risk. Book a double appointment to discuss this with your GP.

DIABETES CARE

Home medication reviews and a full diabetes cycle of care available.

CHILDREN'S IMMUNISATION

Free vaccines under the National Immunisation Program (NIP), fully covered by Medicare. Records maintained via the Australian Immunisation Register (AIR).

Check immunisation history: **1800 653 809** or ask our staff.

FLU VACCINES

Free for patients aged 65+ and other eligible groups under the Government-funded program. Speak with your GP to confirm eligibility.

X-RAYS & ULTRASOUNDS

Performed at trusted offsite imaging centres. Imaging Associates is located conveniently next door.

Allied Health

ONSITE

Evado Studio Physiotherapy

OFFSITE

Wendy Fedele — Dietician

Tena Davies — Psychologist

Patient Privacy

Your information is collected for clinical care, stored securely, and managed in accordance with Australian privacy legislation. Information leaflets are available at reception.

You may request access to your health information at any time — please speak with reception.

Please help us keep your records accurate by updating your contact details with reception whenever they change.

More info: Federal Privacy Commissioner — Freecall **1300 363 992** or www.privacy.gov.au

Patient Feedback

We welcome your feedback and encourage you to raise any concerns with us first so we can resolve them promptly. Patient questionnaires are available at reception.

If you wish to escalate externally:

Health Complaints Commissioner

30th Floor, 570 Bourke St, Melbourne 3000

Phone: **1300 582 113**

Reminders & Recalls

All test results are reviewed by your GP before release. If follow-up is needed, our team will make multiple contact attempts by phone or SMS, with a registered letter sent if we are unable to reach you. All attempts are documented in your patient record.

If you have not received expected results, please contact the clinic. Recalls are issued for clinically significant results and preventive care, and we participate in national and state recall systems.

Prefer reminders by SMS or email? Leave your contact details with reception.

Telephone & Telehealth

Doctors are available by phone during surgery hours. If your GP is with a patient, a message will be taken for callback. In emergencies, a doctor will always take the call.

Advice by phone, email, or telehealth is provided only when your GP determines it is clinically safe and a face-to-face consultation is not required.

Telehealth is available to patients seen in person within the past 12 months. Home visits are provided at the GP's discretion where clinically appropriate, for patients seen within the previous 12 months — after-hours: **13 7425**.
